

DEV DARAKI APARTMENTS

The first apartment-type residential complex in Kazbegi (already built and is in the process of finishing).

Devdaraki apartments consist of three 3-storey buildings. The minimum area of the apartment starts from 36 m². The project uses high quality building materials - Heidelberg Cement, energy efficient glass, Korean-made roof, aluminum door/window, 5 cm XPS foam - for thermal insulation.

- ✓ The project is near finishing (all 3 buildings are already build and are in renovation process)
- ✓ 4 types of diverse apartments
- ✓ Apartments with complete renovation, furniture and appliances (individual heating system)
- ✓ 24/7 video control of the common area
- ✓ Open and closed parking space
- ✓ Well-arranged green yard
- ✓ Views of Gergeti Trinity Church and the Kazbegi Glacier
- 📺 Individual parking space as a gift

Various types of restaurants are located 250 meters from the apartments. A supermarket, a pharmacy and a police building are 700 meters away.
